Atlas Adhesive Tape

Bonding Solution Tapes

An alternative to mechanical & structural adhesive fastening

Bonding Solution Tapes are used to bond 2 materials together. These products offer an instant bonding alternative to mechanical and structural adhesive fastening that increase productivity and reduce cost. The thickness of the adhesive will allow them to conform and compress on to most oil free and dry surfaces.

BST-HPR is a **high performance** tape using an awesome rubber based adhesive. The tape exhibits **very high ultimate adhesion, high bonding power, good initial tack and exceptional holding power**. It has excellent grab to a wide range of surfaces including Low Surface Energy surfaces, plastics, paints, bare metal, wood, fabric and glass. Custom thicknesses, other than the standard ones listed below, are available upon request.

Description	Size	Rolls/Case	Price per Roll		
			Less than case	1 – 4 cases	5+ cases
BST-HPR45 40 mils	1" x 25yds (24mmx22M)	12	\$ 18.00	\$ 15.00	\$ 12.00
BST-HPR25 25 mil	1" x 36yds (24mmx32M)	32	N/A	\$ 11.00	\$ 10.00

- Lead time is 1-2 weeks
- **Costs of other widths are proportional to the above pricing.** Standard release liner is a 54# densified bleached Kraft.

Unsupported Adhesive Tape

We supply unsupported adhesive self-wound on a release liner. These can be applied directly to a substrate as a means of bonding or it can be laminated to another material to make it pressure sensitive for application and bonding. Up to 6" wide!

- **Thicknesses other than those listed below are available upon request.**
- **Pricing for slit rolls, other than 1" wide, is proportional to the 1" price provided above.**

Description	Price per Roll	
1" x 36yds (24mmx32M)
